**Castle Hills Family Practice and Intuitive Concepts
Create Texas' First Feng Shui Medical Center**

SAN ANTONIO, TX, (January 4, 2013) Castle Hills Family Practice's mission is *your health is our priority* so when they outgrew the space at 2108 N.W. Military Highway, Drs. Hormazd Sanjana and Richard Palmer relished the idea of creating a wellness center. Their search for a location concluded when they purchased Castle Hills Cross Roads center at the intersection of Lockhill-Selma Road and N.W. Military Highway.

They selected suite 100 at 2277 N.W. Military Highway, and proceeded to meet with architect Kyle Tostensen and contractor Fabian Construction to design the new clinic. Plans were drawn up and wheels set in motion.

Then Dr. Sanjana attended the 30th annual convention of the American Assn. of Physicians of Indian Origin (AAPI) where he attended a presentation by Diana Garber, Feng Shui Master and CEO of Intuitive Concepts. The lecture was about medical offices and the impact of energy on the design, resulting in an improved patient experience and staff morale.

The lecture intrigued him and was synergistic to his mission, so Dr. Sanjana asked Garber to join the design team. Resulting Feng Shui changes included color and shape of awnings, front entrance, internal patient flow, location of Drs. Sanjana and Palmer's offices, design of the reception area, and moving the bathrooms.

One patient remarked, "I love the new office – it feels brighter and makes me happier." Dr. Sanjana is able to confirm this since her treatment has shown significant improvement following the move to the new space.

A grand opening is planned for January and details will soon be announced.
