A Feng Shui First **Diana Garber of Intuitive Concepts Speaks at Medical Convention**

SUNBURY, OH, (6/22/12) – Diana Garber, who is called the Feng Shui Results Lady© by her clients, has achieved another Feng Shui milestone. She is the first Feng Shui Master to speak at a medical convention. AAPI, the American Association of Physicians of Indian Origin, bestowed this honor when they requested Diana be a guest speaker at their 30th Annual Convention in Long Beach, CA, on June 29, 2012.

As a Feng Shui Master, Diana Garber practices classic Feng Shui, a study based on algorithms, geography, and quantum physics. This advanced knowledge produces measurable results and qualified Garber to be accredited by The Ohio State University, and serve as a clinical instructor and Feng Shui practitioner (another first-time accomplishment for a Feng Shui practitioner).

Feng Shui is not just a full-time practice for Diana Garber; it is a calling that has led her to help people and businesses on four continents to achieve greater quality of life. She has been featured on TV news, in magazine articles, and national radio broadcasts. Recently her proficiency was highlighted in the business section of the Columbus Dispatch, and she was the featured guest on the Shawn Ireland Show.

Recognizing the edge her expertise brings to business professionals in any industry, she chose to share *8 Feng Shui Success Secrets to Improve Your Medical Practice and Home* with physicians, hospital administrators, residents, students, and their families at the AAPI convention. She is experienced at working with physicians, and as credit to her abilities many recommend their patients to her to obtain a Feng Shui analysis for their homes.

As a Feng Shui Master, Diana's goal is to "Feng Shui the world" and she chooses to accomplish this by *changing the world one business, one home, one person at a time*©. In seven days, the physicians at the AAPI Convention will gain first-hand knowledge of how to improve their medical practices -- the Feng Shui way.
